

# Practical

## Visit

Below you will find one or two practical tips in connection with your brewery visit reservation. Please read these through carefully, so that we can offer you an unforgettable brewery experience.

1. Bear in mind that you are visiting an industrial site with lots of stairs and steps and possibly smooth floors. The brewery is therefore difficult to access for wheelchairs and prams.

**TIP:** Wear appropriate footwear: high heels are not recommended.

2. You can arrive at the Liefmans brewery, Aalststraat 200, 9700 Oudenaarde **15 minutes** before the start of the visit. At that point, the guide will open the black entrance door. Please bring your confirmation e-mail containing your reservation number with you.
3. Parking is available on the right hand side, at the end of the brewery entrance.
4. Coaches must also park there. Buses can only let passengers alight at the authorised parking. For safety reasons, passengers may not therefore be let down at the entrance.

5. How to get at the Liefmans brewery:

From Gent:

Via the N60 road to the roundabout in Leupegem – take the third exit and at the traffic lights turn left and follow direction Wijnendale- go on for about 2km till the gas station Gabriëls and turn left – the brewery is at your right hand side at about 100m

From Brakel:

Continue to Edelareberg – sharp turn to the right and continue for about 2km till the gas station Gabriëls - the brewery is at your right hand side at about 100m

From Aalst:

Continue till the SPAR supermarket at your left hand side – next turn to the right - the brewery is at your right hand side at about 100m

From the centre of Oudenaarde:

For the ones that come from the city centre on foot, they can access the brewery through the bridge. We will be happy to open the gate at the river side. Please, do mention this in the remarks as you make your online reservations.
